Welcome to the Art Department

The Art Department of Arusha Meru International School encourages a dynamic and creative environment with a wide provision and opportunities for personal expression, imagination, conceptual thinking and the power of observation and analytical abilities.

The school's art provision starts with Early Years and goes all the way to IGCSE. Through both theoretical studies and practised of the pupils' practical skills, the department has evolved since it was introduced in August 2016 making sure there is a creative and enriching experience for our students in terms of aesthetics and designs.

The Art Department hosts an annual Art Exhibition and some of the works of our students, both from Primary and Secondary, are attached.

These works are an accumulation of the school's commitment to arts and design inspired by the world's different artists and Tanzania's *tinga-tinga*.
